CHRISTINE NYAMBWARI

FULL-STACK DEVELOPER

👤 PROFILE

I am a certified full-stack developer with expertise in both frontend and backend technologies. My skills span across frameworks and languages, including React.js, Node.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, Daisy UI, Hono.js, Drizzle ORM, and PostgreSQL.

💼 EXPERIENCE

Web Developer Intern - Zidio Development (Sep 2024 - Nov 2024)
Collaborated with a diverse team to build web applications and learned the importance of effective communication across regions.

Software Developer - Teach2Give (May 2024 - July 2024)
Awarded certification after three months of intensive training in technical and soft skills.

Course Representative - Kirinyaga University
Certified for managing the Business Information Technology course group.

🔀 PROJECTS

Vehicle Rental Management System
Developed a scalable application for managing vehicle rentals, integrating frontend and backend technologies.

Health Chatbot with GPT-3 Integration
Built a chatbot for mental and physical wellness, using GPT-3 for intelligent responses.

👥 LEADERSHIP

Course Representative - Kirinyaga University
Successfully led the Business Information Technology course group by providing mentorship, resolving conflicts, and fostering teamwork. Awarded for strong leadership, problem-solving abilities, and dedication to academic excellence.
